# Heavenbound

## DC Talk

Heavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundCold rappin' for the King with a sting in my voice
Not condemnin' men or women, but relayin' a choice
Higher ground is the sound that I'm talkin' of
Opportunity knocks through a different loveNot love like we know it, like ya love your girl
It's a love from above not of this world
It's kinda profound, a trump will sound
And all God's children are HeavenboundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundJump on the job and live for Him
Do you lie satisfied in a state of sin
Listen while I christen a serious sound
Rap cold revin' 'cause I'm HeavenboundSerious lyrics don't disregard
No treason, gotta reason that I rap so hard
Don't look down or stand around
But keep on reachin' for higher groundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundCall us the Heavenbound crew and you can be too
If you only knew what He did for you
Christ died, don't ya see to set us free
Look in the Word un-blurred, you can find the keyGotta choice to be voiced, receive Him or not
Like right or left, cold on the spot
It seems kinda easy when ya break it down
As for me and my boys, we're HeavenboundIf you want eternal life
Choose my friend, He's Jesus Christ
Only He can set you free

From your sin and miseryGod has promised us a home in glory
Trust in Him
The trump will sound
And all God's children are HeavenboundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundHeavenbound
Don't you know I'm Heavenbound
Heavenbound
Reachin' for that higher groundDon't look down, stand around
Keep on reachin' for higher ground
Kinda profound, a trump will sound
And all God's children are Heavenbound
