# I Found A New Way To Go To Town

## Mae West

I've always had a sugar daddy,
with plenty sweets for me,
But now I've got a regular guy,
Who loves me constantly.Give me my bracelets and load me down,
I've found a new way to go to town.Always loved to be in bright lights,
My streets are paved with gold,
I've found myself a new kind of man,
He's mine to have and hold,I'm in my glory when he's around,
taught me a new way to go to town.
I'm high, I'm low,
Takes a good man to make me, no man can shake me,
until I let him go.I play to win the game of romance,
with high cards in my hand,
But I've been trumped by an Ace of Hearts,
that feeling's oh so grand,Bring me my fine furs and fancy gowns,
I found a new way to go to town.Oh, c'mon honey, let's go!
I've found a new way to go to town!
