Double Time

Xzibit

Watch me watch me, bonafide hard copy
Hip-hop Nazi dispose of the Liberace's
Extra extra, enjoy the lecture
From Hannibal Lector, now rewind selector
Bounce it, bounce it, smoke by the ounces
Tan leather couches, niggaz that own houses
Testing testing, treat you like a nigga
Locked down for child molesting, I'll fuck you up punk
Listen listen, never ass-kissin'
Too much ambition, I'm hotter than Hell's kitchen
Enter enter, the rhyme inventor
Front and center, bypass that ass like a sprinter
Get it, get it, custom fitted
Dedicated to Pun, one of the best that did it, huh
Terror, terror, trial and error
Makin' my name reign supreme and live forever
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
(If y'all ain't givin' a fuck)
Keep it movin' movin', keep it goin' goin'
(Like Xzibit ain't givin' a fuck then just throw your hands up)
Keep it movin' movin', keep it goin' goin'
(Double time, two times for me)
Keep it movin' movin', keep it goin' goin'
(Bring it live from the L.A.C., Mr. X to the Z)
Liar liar, pants on fire, I won't stop rockin' 'til I retire
Golden, golden, State dominate this
Destroy the Matrix, that forever in the crate shit
Light it, light it, please don't fight it
You're all invited, when we kick off the next riot
Bust it, bust it, get your crops dusted
Everybody off of the bus that ain't fuckin', now
Spin it, spin it, all up in it
For sale, one female, slightly dented
Niggaz, niggaz, political figures
Problem givers, fuck all those that ain't wit us

Rebel, rebel, shoutin' at the devil
Me and you faggot got some shit to settle, then
Kill 'em, kill 'em, let slugs fill 'em
Smash through the club in Meoshe denim, yeah
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
(If y'all ain't givin' a fuck)
Keep it movin' movin', keep it goin' goin'
(Like Xzibit ain't givin' a fuck then just throw your hands up)
Keep it movin' movin', keep it goin' goin'
(Double time, two times for me)
Keep it movin' movin', keep it goin' goin'
(Bring it live from the L.A.C., Mr. X to the Z)
Deadly, deadly, bump this deadly medley
In whatever you rollin', even if it's stolen
Takin', takin', your spot is the X man
The heavy hand give a fuck about the next man
Digital, digital, high tech respect
While the rest regress, burn out like a cigarette
Break it, break it, stripped down naked
Tied up in a trunk on the way to Las Vegas
Chokin', chokin', you need to stop smokin'
Motherfuck on that, blaze a sack
Rollin, rollin', foldin' bank
My first show was in the motherfuckin' holdin' tank, c'mon
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin, keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
Keep it movin' movin', keep it goin' goin'
(If y'all ain't givin' a fuck)
Keep it movin' movin', keep it goin' goin'
(Like Xzibit ain't givin' a fuck then just throw your hands up)
Keep it movin' movin', keep it goin' goin'
(Double time, two times for me)
Keep it movin' movin', keep it goin' goin'
(Bring it live from the L.A.C., Mr. X to the Z)
