

Skin

Rihanna

[Verse 1:]

The mood is set,
So you already know what's next.

TV on blast,
Turn it down,
Turn it down.

Don't want it to clash,
With my body screaming out.

I know you hearin' it,
You got me moaning now.

I got a secret that I wanna show you, oh.
I got a secret so imma drop em to the floor, oh.[Hook:]

No teasin,
You waited long enough.

Go deep,
Imma throw it at ya,
Can you catch it?
Don't hold back,
You know I like it rough.

Know I'm feelin ya, huh.

Know you liking it, huh.[Chorus:]
So why you standing over there with ya clothes on,

Baby strip down for me,
Go on take em off.

Don't worry baby,
Imma meet you half way,
Cause I know you wanna see me.[Verse 2:]

Almost there,
So baby don't stop what you're doing.

Softer than a mutha
Boy I know you wanna touch.

Breathing down my neck,

I can tell ya wanna -
And now you want it like,
Want you to feel it now.

I got a secret that I wanna show you, ou.
I got a secret Imma drop em to the floor, ou.[Hook:]

No teasin,
You waited long enough.

Go deep,
Imma throw it at ya,
Can you catch it?
Don't hold back,
You know I like it rough.
Know I'm feelin ya, huh.
Know you liking it, huh.[Chorus:]
So why you standing over there with ya clothes on,
Baby strip down for me,
Go on take em off.
Don't worry baby,
Imma meet you half way,
Cause I know you wanna see me.[Chorus 2:]
No heels,
No shirt,
No skirt,
All I'm in is just skin.
No jeans,
Take em off,
Wanna feel your skin.
You a beast, oh.
You know that I like that.
Come on baby,
All I wanna see you in is just skin.[Bridge:]
All in baby,
Don't hold nothing back.
Wanna take control,
Ain't nothing wrong with that.
Say you liking how I feel,
Ain't gotta tell me that.
Just put your skin baby on my skin.[Chorus 2:]
No heels,
No shirt,
No skirt,
All I'm in is just skin.
No jeans,
Take em off,
Wanna feel your skin.
You a beast, oh.
You know that I like that.
Come on baby,
All I wanna see you in is just skin.No heels,
No shirt,
No skirt,
All I'm in is just skin.

No jeans,
Take em off,
Wanna feel your skin.
You a beast, oh.
You know that I like that.
Come on baby,
All I wanna see you in is just skin.
All I wanna see you in is just skin.
All I wanna see you in is just skin.
All I wanna see you in
All I wanna see you in is your skin, oh.
