Lady Sunday

R. Kelly

La da da da da, la la, oh yeah, yeahWhere there's no sun there is that girl
She is the one that spins my world
When I am down she makes it better
When there are clouds she change the weatherNot wishing well, oh, my peace and my glory
As a fairytale, then she is my story
When I feel drained her love is like a fountain
And when I'm weak she cam move mountainsI never felt a love, no, this way
I never felt a kiss no, this way
I never felt joy, this way
Till my Lady Sunday cameOh, I am her crown and he is my sky
If life is a rope, then she is my ride
When I'm in pain she's my good feeling
When I am sick she brings me healingWhenever I call she is right there
And when I fall she says a prayer
When it comes to making love to me
She knows how to do it
Now introducing mrs musicI never felt a love, no, this way
I never felt a kiss no, this way
I never felt joy, this way
Till my Lady Sunday cameLa da da da, miss got me, miss righteous
Take my hand and be my missus future
Cause your loving makes the groove much better
As long as we got music, as we got music
As long as we got music, we'll dance foreverI never felt a love, no, this way
I never felt a kiss no, this way
I never felt joy, this way
Till my Lady Sunday cameI never felt a love, no, this way
I never felt a kiss no, this way
I never felt joy, this way
Till my Lady Sunday came
