Gone

The Beta Band

Hey now sister won't you come and bless my soul
I been along time comin down the mountainside
You see I fell from a spaceship I was taken for a little ride
And I'd very much like to fall in love with you
If you would if you would I'd like to know
will you think of me when I'm gone?

Sister live a long time I don't want to fight with you
See my head's in a vice and I don't know who I am anymore
And when I wake in the morning and I look through my window
I see sun skies sand sea would you fill your heart with me
If you would, I'd like to know
will you think of me when I'm gone?
