Toy Soldier

The Four Seasons

In my dream, I'm a western hero
Riding my Palomino
Silver star, there you are, silver star
Got my gun and my white ten gallon
Bigger than life , I reckon
Silver star, there you are, silver starSilver star, silver star
In my dream I make much Dinero
Chasin' the Bandelleros
Silver star, there you are, silver starBut he, he gave me a nine to five, honey
Ain't livin' but I'm alive
Sure cut me down to size
He gave me the second prizeI'm layin' it on the line, honey
I'll let it go by this time
Next time around, I'll swear
Gonna get me somewhere, somewhere
