

# Shake the Rollercoaster

## Badly Drawn Boy

You might walk all over me in violet shoes  
While I shake the roller coaster morning blues  
I can't get satisfied by being satisfied  
I opened up my mind to find it wasn't mine Then I look for someone else  
I can find no one else like you  
Do do do bum ba dum And when I needed something wasn't there  
And then I pleaded on the silent share  
Only when it suits I can be on your side  
You call me up, I sing my song without a smile Then I look for someone else  
I can find no one else like you  
Do do do
