Could We

Cat Power

Could we Take a walk? Could we Have a talk alone In the afternoon? Could we Have a seat? Why, yes, be my guest You can hold my handWhat a dream In the grass We kissed Fell in love too fast, too soon Love full bloomShould we get up? Let's wake up Let's get dressed I'll let you walk me up the street Back homeThank you It was great Let's make another date Real soon In the afternoon
