Prima Donna (Alternate Version)

Chicago

You've got the look, they'll never forget
You want to be noticed, but they haven't noticed yetWhen the time is right, a star on your door
Taking you places that you've never been before
Where did you go?[Chorus]
Go to sleep tonight and dream about it till the morning
Make a scene tonight, read about it in the morning
Appearing for the very first time, on the screen tonight
And when you want to, they treat you like a Prima DonnaYou're a movie queen, familiar face
Prettiest woman in the whole of the human raceYou're gonna be famous, you want to go far
Name up in lights, everybody knows who you are
On with the showHow will it feel being number one
Hard to imagine but I can't blame you for tryin'
How will it feel havin' so much fun
Hard to imagine but it's so electrifying[Chorus]
