

# Lost & Found

## Sick Individuals

I feel the walls closing in  
Building up stacking  
Seems to be no way out  
I believe you never leave me here  
You never leave me here Of the lost and found  
Of the lost and found  
Of the lost and found  
Of the lost and found (Instrumental) I feel the walls closing in  
Building up stacking  
Seems to be no way out  
I believe you never leave me here  
You never leave me here Of the lost and found  
Of the lost and found  
Of the lost and found  
Of the lost and found Of the lost and found  
Of the lost and found  
Of the lost and found  
Of the lost and found
