

No Return

Carrieann

Yeh you see someone die and you see them again

Past the point of No Return..

Repeat...

It was written across your face

Yeh the expression was written all across your face...

Past the point of No ReturnCause I've lost all the passion and the pain

And my hate for all to view

Cause I've lost all the passion...

And my moods...It was written across your face

Yeh the expression was...

Written across your face,,Cause Ive worn that look a Thousand times and I've seen that look a Thousand times....
