

# A Couple of Forevers

Chrisette Michele

I see it clear, my heart is here  
We got each other and let's take it from there  
And if I could I'd love you a forever end time What we've been through, no one else knows  
'Cause all that matters is how far this goes  
And it will go until it starts again Me and you, I look like I might  
Nothing can stop love from love  
And our love  
You know I'm not asking for much  
Just a couple of forevers  
A couple of forevers  
I'm the only one, you're the only one  
Together 'til never  
I'm talking 'bout forever  
Just a couple of forevers  
I'm the only one, you're the only one  
Together 'til never It can get hard, damn it gets rough  
It can get crazy, but not for us  
'Cause we gotta struggle just to stay apart And me and you are, built like armour  
Nothing can't stop love from love  
And our love  
And I'm not asking for much  
Just a couple of forevers  
A couple of forevers  
I'm the only one, you're the only one  
Together 'til never  
I'm talking about forever  
Just a couple of forevers  
I'm the only one, you're the only one  
Together 'til never  
Never, never Can you see it, oh oh ooh oh  
Can you see the signs from above  
It's so blinding, there's no denying you and me You and me are built like armor  
Nothing can stop love from loving on us  
And I'm not asking you for much  
A couple of forevers  
Ever, Ever  
I'm the only one, you the only one  
Together til never
