

# Keep Me In

[Aaron Gillespie](#)

Tie down my soul keep me from drifting away,  
Tent stake this heart, never to wander again  
Rope up my fears with your truth that I can rely on  
Nail down my doubt to the boards you bled out hope on  
Keep me in, keep me in, Keep me in this place of worship, it's where I was made to be  
Reel in my pain, and take it away from me  
Hold back my pride, hold it back with your love,  
With your love.  
Keep me in, keep me in,  
Keep me in this place of worship  
Keep me in, keep me in, Keep me in this place of worship, it's where I was made to be  
You alone are God, you alone are peace  
You alone are good, so keep me in  
You alone are great, you alone are great  
Only you alone can keep me here  
Keep me in, keep me in, Keep me in this place of worship, it's where I was  
made to be  
It's where I was made to be
