

My Sweet Prince

Placebo

Never thought you'd make me perspire
Never thought I'd do you the same
Never thought I'd fill with desire
Never thought I'd feel so ashamed
Me and the dragon can chase all the pain away
So before I end my day, remember
My sweet prince you are the one
My sweet prince you are the one
Never thought I'd have to retire
Never thought I'd have to abstain
Never thought all this could back fire
Close up the hole in my vein
Me and my valuable friend can fix all the pain away
So before I end my day, remember
My sweet prince you are the one
My sweet prince you are the one

You are the one, you are the one
You are the one, you are the one
Never thought I'd get any higher
Never thought you'd fuck with my brain
Never thought all this could expire
Never thought you'd go break the chain
Me and you baby still flush all the pain away
So before I end my day, remember
My sweet prince you are the one
My sweet prince you are the one
You are the one, you are the one
You are the one, you are the one
You are the one, you are the one
You are the one, you are the one
My sweet prince, my sweet prince
