

Lace and Leather

Britney Spears

French finger tips, red lips, bitch is dangerous
Cotton candy kiss, can't wait for my sugar rush
Can't take it no more, I've got to have more tonight

This feeling so strong, I'm putting you on tonight
Alright, let's go! Baby take a seat, eyes on me, this is my show
Your one & only pleasure, all decked in lace & leather
Fantasy, courtesy of me, baby, let's go

Watch me apply the pressure, all decked in lace & leather
Heels, 6-inch, makes a boy want to bite his lip
Look but don't touch, unless you want to lose your innocence
And can't take it no more, I've got to have more tonight
(n-n ni-ni-ni-ni-ni night, night, night, night, night, night)

This feeling so strong, I'm putting you on tonight
(n-n ni night n-nu night night night night) Let's go
Baby take a seat, eyes on me, this is my show
Your one & only pleasure, all decked in lace & leather
Fantasy, courtesy of me, baby, let's go

Watch me apply the pressure, all decked in lace & leather
Lace & leather, lace & leather, lace & leather, lace &
leather
Leather

Baby, baby, baby, baby
Baby, baby, baby, baby Baby take a seat, eyes on me, this is my show
Your one & only pleasure, all decked in lace & leather
Fantasy, courtesy of me, baby, let's go

Watch me apply the pressure, all decked in lace & leather
Baby take a seat, eyes on me, this is my show
Your one & only pleasure, all decked in lace & leather
Fantasy, courtesy of me, baby, let's go
Watch me apply the pressure, all decked in lace & leather
