

# Worried Mind

Eilen Jewell

Been all around this world  
Just to come back to you  
    Oh my love  
    My sweet love  
It's a long and lonesome highway  
    It's a bitter shade of blue  
    Oh my love  
My sweet love And I never had much money  
    I never been quite satisfied  
But you can weave the unraveled strings  
    And you ease my worried mind  
You ease my worried mind Tell you what I'll do  
    When I come back to you  
    Oh my love  
    My sweet love  
Gonna wrap myself around you  
    And sing to you this tune  
    Oh my love  
My sweet love And I never had much money  
    I never been quite satisfied  
But you can weave the unraveled strings  
    And you ease my worried mind  
    You ease my worried mind
