Usher

The game bout to change
Usher
Whoa man (y'all are somethin' else)
Yeah
A lotta women
You know they say y'all do it better than us
(and I learned from the best man)
Because we only see what you're doin'
But I see ya.

Where we at?
This right here is for my triple Gs with the double D-D's
Go get em girls (ha ha, yeah man)
You know who you are
Where we at?
(Over here lookin' how we lookin')
Ain't that right? (Huh, yeah)
Go get em girls (I see you)

I profess I'm a lover minor scholar of anatomy
Doctor of feminine chemistry
Got a healthy fascination for a multitude relation
With plenty women that's still on their feet?
And it happens every once in a while,
I go too deep that I gotta shut it down
She keep on comin' by, wont quit on callin',
Its safe to say that shes fallin'
She pleadin', she don't want me to leave
I had to tell her

No, no, no
She keep on begging for more
No, no, no
She said you don't love me no more
That's when I be like

Lovin' me baby that's a no-no (no-no)
I'm better when I touch and go
I'm trying to add yo name to my hall of fame

Not just a player, I'm a pro lover, lover

As a quick pro call we can both come and go
This ain't about fidelity (uh-uh)
Thought I was a pimp, player, hustler, baller (huh)
Whoa man, she a G (yeah) and do it better than me
(do it better than us, man)
When it happens then every once in awhile
She go' cook just to hook you for a while
Cant escape, take your pick, either way you're a trip cause
Man, if she layin' for it, that means you payin' for it

No, no, no
She keep on begging for more, yeah
No, no, no
She said you don't love me no more
That's when I be like

Lovin' me baby that's a no-no (no-no)
I'm better when I touch and go
I'm trying to add yo name to my hall of fame
Not just a player, I'm a pro lover, lover

Tick-tock, better hurry, times runnin' out
So you better be sure before we lay down
Knock-knock, Daddy's home, open up girl
I can tell that its been awhile, you've been waiting
Come through it so many times (with women that I do it for)
Ain't tryin' to make you mine (but I like the feeling)
That's gon be honest baby, we don't go through drama here baby
Cause when you give it up,
You gon' get addicted and go crazy and lose your mind
How many of you like that (keep on asking me for more)
(More, more, more)

Lovin' me baby that's a no-no (no-no)
I'm better when I touch and go
I'm trying to add yo name to my hall of fame
Not just a player, I'm a pro lover, lover

Not just a player, I'm a pro lover (lover)
Not just a player, I'm a pro lover (lover)

Better ask somebody
(Players, real G's feel me on this one)

Ain't that right girl, yeah
(Not just a player, I'm a pro lover)
Lover (not just a player, I'm a pro)
