

# Road to Hell

## Stillhouse

Go away for awhile,  
Cause you can?t,  
Cause you can?t see this again  
Take a break from your friends,  
If you ever,  
If you ever wanna see them again  
Can you think for yourself,  
Just once  
You?re never gonna get back home,  
Cause you?re gonna discover  
Ah-ah  
Alone on the telephone  
Don?t run away  
From me, baby  
Just go away from me, baby (x2)

Road to hell (x8)  
Go away for awhile  
If you can,  
You can be my only friend  
When you?re tied to the bed,  
Ah-ah-ah,  
We can learn how to begin  
Take apart this verse,  
Again  
If you?re so good at offense,  
I can say these words again  
If you know how to defend  
Don?t run away  
From me, baby  
Just go away from me, baby (x2)  
Road to hell
