We've Done This Before

Kimmie Rhodes

This ain't no ship of fools
We know where we're headed
We know how to chart the stars
That shine for you and meAnd it was no lucky guess
That brought us to each other
Our hearts have always known the way
It was meant to beWe've done this before
We know how to live this love once more
Like a wave returning to the shore
It's gonna be easy, we've done this beforeWe know this boat may sail
Into stormy weather
But we don't fear the endless sky
That brought us here togetherSo, for a thousand thousand years
We'll always find each other
And know that one day when we meet
We'll sail beyond the seaWe've done this before
We know how to live this love once more
Like a wave returning to the shore
It's gonna be easy, we've done this beforeIt's gonna be easy, we've done this before
