

Look at Me Now

Brennan Savage

I remember that time we were sippin on wine
I could see it in your eyes, you were feeling alive
Why tell you I was good, why the fuck would I lie
I remember seeing twice baby I shouldn't drive
I should let you hold the keys baby take them inside
If you taking my advice, maybe then you'll survive
I've been looking at the sky all night and ain't see shit
Thinking how you die, but you said I could be shit
Now I'm on my grind baby look at me now, look at me now
All this cash on me make em wanna go down
I could fill your cup girl, I could make you slow down
I could show you up baby, i don't pour fo'
Sippin all day baby what you waiting fo'
If you need a drink I got drugs on me
Gotta watch for the 12 I got drugs on me
I've been going hard I've been working OT
Imma make a stack put in on my mommy
Right when I swing at the ground then you blink
I got the job that can spit in your drink
Fuck what they saying and fuck what they think
I know they gon love me when Gucci my links
Lies on the sink, Pills on the drink
I'm coming and taking the ring
I remember that time we were sippin on wine
I could see it in your eyes, you were feeling alive
Why tell you I was good, why the fuck would I lie
I remember seeing twice baby I shouldn't drive
I should let you own the keys baby take them aside
If you'd taken my advice, maybe then you'd survive
I've been looking at the sky all night and ain't see shit
Thinking how you die, but you said I could be shit
Now I'm on my grind baby look at me now, look at me now
All this cash on me make em wanna go down
I could fill your cup girl, I could make you slow down
I could show you up baby, i don't pour fo'
Sippin all day baby what you waiting fo'
If you need a drink I got drugs on me
Gotta watch for the 12 I got drugs on me
I've been going hard I've been working OT
Imma make a stack put in on my mommy
