

CLOUDS

Prince

You should never underestimate the power of
A kiss on the neck, when she doesnâ€™t expect
A kiss on the neck, when she doesnâ€™t expect
A kiss on the neck
And every time you catch her singinâ€™ in the shower
You should go and get a flower
Donâ€™t matter what the hour
Just rub it on her back, rub it on her back, rub it on her back

In this brand new age we do everything
Quick, fast, in a hurry
All of our lifeâ€™s a stage
Everybody stars, reality so blurry
If you scream out loud, loud
Top of your voice be higher than the crowd (no)
Tattoo-less and proud, yeah
Weâ€™ll get to something higher that doesnâ€™t require clouds
No, we donâ€™t need no clouds, no

You should never underestimate the power of
A kiss on the neck, when she doesnâ€™t expect
A kiss on the neck, when she doesnâ€™t expect
A kiss on the neck
And every time you catch her singinâ€™ in the shower
You should go and get a flower
Donâ€™t matter what the hour
Just rub it on her back, rub it on her back, rub it on her back
All over me

Iâ€™m gonna give you something baby
But I wonder does it really even matter if it ainâ€™t on a stage
If it ainâ€™t on a stage
I donâ€™t really think it matters in this brand new age

When lifeâ€™s a stage, in this brand new age
How do we engage?
Bullying just for fun
No wonder thereâ€™s so many guns
Maybe weâ€™re better off in space

Mr. Nelson, Mr. Nelson, can you hear my voice?
Sir, we know you're a little bit groggy
And you're probably going to find it hard to speak
But don't try to talk or process too much now
We just want to let you know that the medication you were given
Has put you in a suspended animation for quite some time
Well, in fact, about 45 years
But where you are now
Is a place that doesn't require time
That saying, you are completely safe
And we are here to help you

You should never underestimate the power of
A kiss on the neck, when she doesn't expect
A kiss on the neck, when she doesn't expect
A kiss on the neck
It's in my power to love you
It's in my power to love you up
It's in my power to love you

It's in my power to love you up
