Swim

Bobby Freeman

This frame of mind, young hollow man
Said all I've got to say
Done all I can, won't even try
Won't even show
Don't tell me things, I don't want to know
Swim through me
Make me more than whole
Come see what I mean
Make me feel secure
And in these days between when I fall apart
I'd run away but you know I'm not that smart
These strange ideas, I'll see them through
They've been a part of me
And I know that they're a part of you
And swim through me
Make me more than whole
Come see what I mean
Make me feel secure
Swim through me
Make me more than whole
Come see what I mean
Make me feel secure
Swim through me
Make me more than whole
Come see what I mean
Make me feel secure
Swim through me
Make me more than whole
Come see what I mean
Make me feel secure
