

Losin My Mind

En Vogue

Boy, you got me nauseous
I just eat and eat
Hair so messy
In fact it's pulled in a weave
Phone keeps, oh, ringin' but it's not you
So I don't pick it up
Friends told me but it don't help
'Cause, boy, you got me stuck
Why did you mess it up
'Cause I won't be learnin'
My girls try to tell me
But I had to learn the hard way
Now I'm so confused
What am I to do
I'm caught up in this madness
Something please take me away
I'm losing sleep and I can't eat
Can't even think, I'm losin' my mind
I hate your guts, love you so much
I'm crackin' up, I'm losin' my mind
Never would of thought that
We would be here, promises to me
Said that you were different and I bought it
Should of kept a receipt
Why did you mess it up
'Cause I won't be learnin'
My girls try to tell me
But I had to learn the hard way
Now I'm so confused
What am I to do
I'm caught up in this madness
Something please take me away
I'm losing sleep and I can't eat
Can't even think, I'm losin' my mind
I hate your guts, love you so much
I'm crackin' up, I'm losin' my mind
This ain't me, can't eat, can't sleep
'Cause so many are losing their mind
'Cause in my robe, our love is no joke

This ain't no joke, I'm losin' my mind
Why did you mess it up
'Cause I won't be learnin'
My girls try to tell me
But I had to learn the hard way
Now I'm so confused
What am I to do
I'm caught up in this madness
Something please take me away
I'm losing sleep and I can't eat
Can't even think, I'm losin' my mind
I hate your guts, love you so much
I'm crackin' up, I'm losin' my mind
See my boss said your crazy
My girls had to tell me
You don't deserve me, got me going crazy
What am I to do, I'm lost without you, boy
I'm losing sleep and I can't eat
Can't even think, I'm losin' my mind
I hate your guts, love you so much
I'm crackin' up, I'm losin' my mind
