

Postcards

Amber Pacific

I'll quote a clever line like "hope"
I'll take the final words you wrote
 To make them feel like bliss...
 As always as I'll take the praise
 I have a way with making things
Scripted like a song that makes you sting
 I need you here with me
 So here's our heart to heart
On the back of postcards sent from California
 Remember when I said
 Just stay what you are
I know you hate the feeling when I walk away
 When I'm without you
 I'm not the man that I know I can be
 Because you're not here with me
 You can break my heart open
 And ruin my epic ending
Your hand like a noose around my neck
But the next time you say "Promise me"

I'll make one for myself to always stay
 (What I am...)
 I need you here with me
 So here's our heart to heart
On the back of postcards sent from California
 When I'm without you
 I'm not the man that I know I can be
 Because you're not here with me
 I need you here with me
 So here's our heart to heart
On the back of postcards sent from California
 When I'm without you
 I'm not the man that I know I can be
 Remember when I said
 Just stay what you are
I know you hate the feeling when I walk away
 When I'm without you
 I'm not the man that I know I can be
 Because you're not here with me
