Pictures In the Gold Room

Chimaira

Dark room open
No light for years
No way to find out
How long has it beenScreams heard from a distance
The shredding sounds of pain
Looking for reasons
Slowly becoming insaneFor eyes staring
Such evil eyes
Picturing them
No longer aliveAccidental
Unintentional
Years ago
There was lose of controlConstant horrific nightmares
Life turned into a deadly maze
The haunting sounds play on
No more bruised feelingsCan it shine through this
Will it ever shine
The pictures in the gold room
Can it shine through this
Will it ever shine
[Incomprehensible]No Light
Can be this bright
Death is only a way
Desire and temptation
I lost youFalse hope and rejection
Revenge and repercussion
False hope and rejection
Revenge and repercussionRejection, revenge, false hope
Repercussion false to extinction
Rejection, revenge, false hope
Repercussion false to extinctionNo way to explain
The blame has to be given
A wrongful accusation
Only stirs the rageA fire that cannot be put out
Can only enjoy the insanity
To become the nightmares
Will end the dreamsCan it shine through this
Will it ever shine
The pictures in the gold room

Can it shine through this
Will it ever shine
[Incomprehensible]Cold winter chills
No escape
Will this ever end
This is the final maze
