

# Watch the Birdie

Anita O'Day & Gene Krupa

Watch the birdie and take a camera, candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
Watch the birdie, just strike a funny pose a while  
Watch the birdie and you can beat that pose a mile  
Watch the birdie, let me see your pretty smile and hold it  
Looking for a tall dark handsome man  
With eyes of blue and golden tan  
Strong white teeth like Joel McCrea  
Hey you, get out of the way  
Watch the birdie and take a camera Candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
Watch the birdie and take a camera Candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
Watch the birdie, just strike a funny pose a while  
Watch the birdie and you can beat that pose a mile  
Watch the birdie and let me see your pretty smile and hold it  
Looking for a tall dark handsome man  
With eyes of blue and a golden tan  
Strong white teeth like Joel McCrea  
Hey you, get out of the way  
Watch the birdie and take a camera Candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
Ooh, watch the birdie  
Ooh, watch the birdie
