20/20

George Benson

When I think of all I put you through Always taking you for granted I never saw it from your point of view Blinded by the double standardYou were tryin' to tell me all along Something in the love was missing You said, "It's not too late to get it back" But I just wasn't listeningIf I knew back then, what I know now If I understood the what, when, why and how Now it's clear to me what I should have done But hindsight is 20/20, 20/20 visionNow I see it in a different light I've been losin' you in stages Give us one more chance, I'll get it right Girl, you're gonna see some changesIf I knew back then what I know now If I understood the what, when, why and how Now it's clear to me what I should have done But hindsight is 20/20, 20/20 visionTakin' time to catch up on some history

and signt is 20/20, 20/20 vision I akin' time to catch up on some histor

Tryin' to figure out what went wrong with you and me

And it doesn't really matter what's been before

But I know there's no future with you walkin' out that doorIf I knew back then what I know now

If I understood the what, when, why and how

Now it's clear to me what I should have done

But hindsight is 20/20 visionIf I knew back then what I know now

If I understood the what, when, why and how

Now it's clear to me what I should have done

But hindsight is 20/20 visionIf I knew back then what I know now, know now, know now, now, now, now, now, now
