

# Never Give Up

## Danger Danger

another lonely night  
lost in the shadows of the neon lights  
so many strangers so many lights  
now it all seems the same, mmm  
only the names and the faces change  
you can run but you can't hide  
try to remember the good times  
try to forget all the pain  
keep holding on, don't let the feeling slip away  
never give up  
just when you think there's no tomorrow  
love comes along to rescue a broken heart  
i see it in your face  
you paid the price for your mistakes  
but you don't have to pay anymore  
try to remember the good times  
try to let go of the pain  
keep holding on, don't let the feeling slip away  
oh  
never give up  
just when you think there's no tomorrow  
love comes along to rescue a broken heart  
sunshine's knocking on your window baby  
just gotta let it in  
if you let it love will drive you crazy  
sometimes you gotta lose to learn how to win  
never give up  
just when you think there's no tomorrow  
love comes along to rescue a broken heart  
never give up  
never give up, oh yeah  
just when you think there's no tomorrow  
love comes along to rescue a broken heart  
love comes along  
love comes along to rescue a broken heart
