

Roar

Treat

I keep my eyes to the sky,
ears to the ground.
Gonna learn to fly
at the speed of sound.

If this is all I have,
I'm not gonna lose it.
And when the siren screams,
I go for broke.

Ready to roar
Ready or not
Ready to give it all I've got
Gotta live to win,
get up, get out, get even.

Ready to roar
Ready or not
Ready to give one more shot
Let the game begin,
need something to believe in.
Ready to roar.

I guess I'm living too fast,
to paint the town red.
I'll be having a blast,
waking the dead.

Its like a mystery
to some kind of frightening
To wrap it up like
Usain bolt of lighting

Ready to roar
Ready or not
Ready to give it all I've got
Gotta live to win,
get up, get out, get eeeeven.

Ready to roar

Ready or not
Ready to give one more shot
Let the game begin,
need something to believe in.
Ready to roar.

...[DRUM SOLO]...

Ready to roar
Ready or not
Ready to give it all I've got
Gotta live to win,
get up, get out, get eeeeven.

Ready to roar
Ready or not
Ready to give one more shot
Let the game begin,
need something to believe in.
Ready to roar.

Ready to roar!!!
