

# Happy Christmas (war Is Over)

## Sent By Ravens

So, this is Christmas  
And what have you done?  
Another year over  
And a new one just begunAnd so this is Christmas  
I hope you have fun  
The near and the dear one  
The old and the youngA very merry Christmas  
And a happy New Year  
Let's hope it's a good one  
Without any fearAnd so this is Christmas  
For weak and for strong  
For rich and the poor ones  
The road is so longAnd so happy Christmas  
For black and for white  
For yellow and red ones  
Let's stop all the fightA very merry Christmas  
And a happy New Year  
Let's hope it's a good one  
Without any fearAnd so this is Christmas  
And what have we done  
Another year over  
And a new one just begunAnd so this is Christmas  
We hope you have fun  
The near and the dear one  
The old and the youngA very merry Christmas  
And a happy New Year  
Let's hope it's a good one  
Without any fearWar is over  
If you want it  
War is over  
Now
