

# Mother Man (Live Radio Broadcast 1992)

## Atheist

You say there's freedom  
Within our nature  
Well I don't think you understand  
Mother Earth has fallen to Mother Man  
The Air, the Sea, the Grass, the Trees,  
The nemesis is the major,  
Fearless leader Mother Man. Come on take a look  
At what's become  
Of the existence that leads  
Or so we think  
That's always a popular phrase  
It suits the laws written  
By dear Mother Man,  
Those heavy hands. What man creates man will surely destroy  
The rule of thumb  
In the mouths of little boys  
Earth spins delight  
We kill everything in sight  
To serve the needs  
And all purple skies will bleed And a bird flies weak  
Against polluted skies  
Before it dies  
And nature becomes illegal  
According to rules  
Made by fools
