

Mood No. 6

My Life with the Thrill Kill Kult

So, there I go to the bar
Sittin' there all pretty and shit
Lookin' really good where I sit
And I go to look for him
And what do I see
Sittin' there with her and not me
So, what do you expect from life?
So, what do you expect from life?
So, what do you expect from life?
So, what do you expect from life?
So, what do you expect from life?
