

Someone Like You

Cobrayama & Gibbz

It's been a long time.
But I've been here before.
I could just quit, and
You could be everything, and more.

I wanna love somebody.
I wanna love somebody.
Someone like you, you.
Someone like you (oooo)
Someone like you, you.
Someone like you (oooo).

I've been to war.
I can say that.
There ain't nothing like the feeling that I get when you call.
And I give my all, and
I may be gone for a while but I'm coming back home.

I wanna love somebody.
I wanna love somebody.
Someone like you, you.
Someone like you (oooo)
Someone like you, you.
Someone like you (oooo).

I wanna be good.
I wanna be good, good, good, good.
Can you believe it, can you believe it?
You keep holding on, girl I need that.
You said you were strong, I believe it.
You said you were strong, I believe it.

Said, I wanna love somebody.
I wanna love somebody.
Someone like you, you.
Someone like you (oooo)
Someone like you, you.
Someone like you (oooo).

Someone like you, you.

Someone like you (oooooooo).
