Feeling (feat. Caron Wheeler)

Soul II Soul

Such a day ahead, ready to go
And we cannot hide it
It's time to leave our beds
Feel so alive and we can't deny it
How do we know, what does it show?Feeling oh, so good
Feeling we could be together
Feeling oh, so strong
Feeling we could love one anotherSo sweet
So sweet and goodLife is moving on
No time to waste or even doubt it
I'm feeling good and strong
Truly divine and realizing
How do we know, what does it show?Feeling oh, so good
Feeling we could be together
Feeling oh, so strong
Feeling we could love one anotherSo sweet and good
So sweet and good
So sweet and good
So sweetWell, out of many there are the chosen few
With the power to do whatever has to be done
Well, to make things run nice and smooth
Well, like a needle in the groove
Well, all the jamming you know we have to doSo if you want to know, it's such a good feeling
You know when life feels so good
You know when life feels so good
You know when life feels so good
It's always such a good feelingYou know when life feels so good
So remember
A happy face, a bumping bass for a loving raceFeeling oh, so good
Feeling that we could be together
Feeling oh, so strong
Feeling we could love one anotherWe could all be together
We could love one another
We could all be together
We could love one anotherWe could all be together
We could love one another
We could all be together
We could love one anotherWe could all be together

We could love one another
