

Soul Dancing

Taylor Dayne

Oh yeah yeah yeah yeah
I know that I love you, yeah With all the weight of the world upon your shoulders
Sit back and dont let the blues take over your love
You got to share with the world all the bright things you are to me
I need you baby Look out the window, youll find the sky is blue
And your eyes are matching what Im feeling for you
I know a place we can go where we can get up and lose control
Lets go baby Were soul dancing together, our hearts beating with pleasure
Soul dancing forever, feels so sweet, like heaven, yeah oh I know that you've traveled for, you're weary and
you're in doubt
But I am here to hold you baby
You've got to trust in the love, it's bigger than anyone of us
Believe me baby Kick off your worries and frowns, there's no time to get down
Just move on up, sweet now baby
I got a place that I know, our minds and our bodies will float away
Let's go baby Were soul dancing together, our hearts beating with pleasure
Soul dancing forever, feels so sweet, like heaven
Were soul dancing together, our hearts beating with pleasure
We're soul dancing forever, feels so sweet, like heaven
Yeah oh oh yeah yeah Let it go, let it go, let it go now, let it go, let it go, let it go now
Let it go, let it go, let it go, let it go
Let it go, let it go, let it go now, let it go, let it go, let it go now
Let it go, let it go, let it go, let it go, let it go Kick off your worries and frowns, theres no time to get down
Just move on up, sweet now baby
I got a place that I know, our minds and our bodies will float away
Lets go baby Were soul dancing together, our hearts beating with pleasure
Soul dancing forever, feels so sweet, like heaven
Were soul dancing together, our hearts beating with pleasure
We're soul dancing forever, feels so sweet, like heaven, yeah We're so in love, we're so in love
We're so happy, we're so free now
Let it go, let it go, let it go now
Let it go, let it go, let it go, let it go
