This Is The Sound

American Hi-Fi

Empty hearts can fill an empty room
Because of you
The sky above remains clear and blue
It's nothing new
The radio keeps playing static or your favourite songs
And why does everyone keep on bringing me back to youAnd this is the sound of the broken down
And this is the last train home, the underground
And this is the fall don't catch me if I fall
Just catch me when I fall back to the groundLightening crashes all around me now
I hear its sound
Broken down wings can carry us to where the people stare
Fall asleep against the windowpane
Outside the rain covers everyone
Now we're never gonna see the sunAnd this is the sound of the broken down
And this is the last train home, the underground
And this is the fall don't catch me if I fall
Just catch me when I fall
Don't catch me if I fall back to the groundAnd if you wanted to stay I'll have you any day
And if you wanted to stay I'll have you any wayAnd this is the sound of the broken down
And this is the last train home, the underground
And this is the fall don't catch me if I fall
Just catch me when I fall back to the groundAnd this is the sound
And this is the soundAnd this is the fall don't catch me if I fall
Just catch me when I fall
Don't catch me if I fall back to the ground
