In a Lonely Room

Galactic Cowboys

Safe inside my mother's womb
A lonely boy in a lonely room
Raindrops hit on window glass
Looking out as people passI remember the past and how much it can hurt
Soaking in the depression for all that it's worth
Never wanting to leave, never wanting to stay...In a lonely room
Where the walls were a way to escape from the world
In a lonely room
I remember the pain that I felt from inside...of my roomHears a song and breathes a sigh
Sits and eats the humble pie
Wallows in the circumstance
Companionship is a mirror glanceI remember the past and how it hasn't changed
Always searching for answers, the questions remain
Never wanting to leave, never wanting to stay...In a lonely room
Where the walls were a way to escape from the world
In a lonely room
I remember the pain that I felt from inside...of my room
In my room, In my roomSittin' in darkness
I hear a whisper
I feel a presence
I hear a voiceLivin' in the darkness
I have a shadow
I feel a spirit
I feel the ghost...
Never lettin' me go
Never lettin' me go
Never lettin' me goI remember the past and how much it can hurt
Soaking in the depression for all that it's worth
Never wanting to leave, never wanting to stay...In a lonely room
Where the walls were a way to escape from the world
In a lonely room
I remember the pain that I felt from inside...of my room
