

# Up for Air

## Alpine

You're the one who's gonna make me lose control  
Breath desire hard and cold into my soul  
When did you learn to say "Hello"?

When did we forget - get to take it in?  
How long till we come up for air?

When we have it now  
You're the one who's gonna make me lose control  
Breath desire hard and cold into my soul  
You don't know me, I don't know you

You're the one who's gonna make me lose control  
Closing my eyes, I hold my breath  
Couldn't you try, try to turn me on?  
Should I fall back and let you go?

When we have it now  
You're the one who's gonna make me lose control  
Breath desire hard and cold into my soul  
You don't know me, I don't know you

You're the one who's gonna make me lose control  
(We are unending)
