

Pink Orange Red

Cocteau Twins

He draws his horses
Pretend that you're anger
And draws his horses
Being chosen also Please get up
Fall, please get up
Fall, please get up
Don't ruin yourself Please get up
Fall, please get up
Fall, please get up
Don't ruin yourself So see and hear
Sultitan itan
So see and hear
Plain tiger iger In my heart
Set you right up
In my heart
I sing this song Back you up
How messed I am
Back you up
I consider So he got up
I must see him
I must see him
And all got up Sore got he
Apalled got up
Apalled got up
I'm in this song So see and hear
Sultitan itan
So see and hear
Plain tiger iger
