

Savage Butchery

Cannibal Corpse

Striking out with rage I pound him, stomp him
Cock sucking bastard, don't feel mercy for him
With bare hands, I break his legs, break his neck
Now my jagged blade will bring him to his death Savage killer, merciless machine
Butchering victims and watching them bleed
Savage killer, chopping off limbs
Butchering for revenge, heartless assassin Now the cutting starts I stab him, slash him
Less than a minute, he became a victim
Now I will sever his legs, his neck
Hatred enemy his body I dissect, savage Savage
Butchery
Ravage
Ruthlessly Veins spray blood, it splashes in my eyes
Impulse of my rage will dictate how he dies
Chopped up while alive or killed with the first strike
What's left of his life is dripping from my knife Savage killer, merciless machine
Butchering victims and watching him bleed
Savage killer, chopping off limbs
Butchering for revenge, heartless assassin Savage
Butchery
Ravage
Ruthlessly Savage
Butchery
Savage
