It's Too Bad

Squire

All we seem to do is talk about it
We always end up shouting about it
There was a time we could overcome it
But it's too late to say we'll just forget it
It's too bad that we had to break up
And too much said for us to every make up
I could get by if I could just forget you
But things remind me and I feel so sad now

I could say I'm sorry
But it's not the point is it?
You want to play your games and
You don't mind if I get hurt

Same old feeling every time I see you
And every avenue I walk I'm behind you
Your back is turned and your eyes are closed girl
You move in circles that are out of my reach now
