

Thanks To The Girl

The Ordinary Boys

In at the deep end again my friend
You'll get water up your nose again
But is it harder to swim clasped hand in hand?
Is it harder to stand for a man oh man
In at the deep end again my friend
Still feeling sore from your dirty weekend
Has it been so long since we did nothing?
We do it so well oh off the cuff and ...

Thanks to the girl
No really, thanks!
You stole our boy
And spat him back

Is that what you're hoping for?
A kitchenette on the 11th floor
I don't mind
You're not around and I'm doing fine
Yeah, I'm alright
You said we'd be tight til the bitter end
Yeah girls come and go, but what about friends?

It's good fun staying at a well groomed house
... spending cash in hand (?)
Not hard to scare a gang of one
Are you showing off to yourself again?
In at the deep end again my friend
Still feeling sore from your dirty weekend
Girls can get whatever they want
And the girl wants you

Thanks to the girl
No really, thanks!
You stole our boy
And spat him back

Is that what you're hoping for?
A kitchenette on the 11th floor
I don't mind
You're not around and I'm doing fine
Yeah, I'm alright

You said we'd be tight til the bitter end
Yeah girls come and go, but what about friends?

I don't mind
You're not around and I'm doing fine
Yeah, I'm alright
You said we'd be tight til the bitter end
Yeah girls come and go, but what about friends?
