

Bottled Up

[Tori Kelly](#)

Yeah This is the story of a girl broken-hearted
Messed up her head she's so guarded
Don't get me started, woah It's cause of you that I got this thick skin
I don't wanna let nobody in
All the pain just stayed in place and I kept it all in for so long So long (2x)
(Chorus)
Oh, I just wanna yell
I just wanna throw it all at your face
Silly that I've always felt this way
You'd never know I just wanna yell
You know that I can only take so much
I don't wanna keep it bottled up anymore Anymore Woah (3x) I don't wanna keep it bottled up I was there
hanging on by your string
Trying to give you my everything
Yeah, that's what they all say Yeah, you don't know what you put me through
Trying so hard just to prove to you
That I got something to say but I kept it all tucked away for so long So long (2x) Oh (Repeat chorus) Yeah I never
talked about the way I really feel
You out my heart through hell
Thought you knew me so well But, uh ah
Just waiting for me to fail
But I'm doing the opposite and I can't wait to tell the whole world You're the one that said you'd eat me up
Remember when I told you that I wasn't good enough
And I started to believe that you felt like giving up
But you put the dream crush
And your crazy words stuck to me I didn't ever want to feel like that again
So I locked up any kind of emotion
But I got the keys and I'm ready now
Set the cage bird free
Time to let it out I just wanna yell
This way, yeah
You'd never know I just wanna yell
You know that I can only take so much
I don't wanna keep it bottled up anymore, woah You've been bottled up
I don't wanna keep it bottled up anymore Yeah I don't wanna keep it bottled up anymore
No more (2x)
