

# Mask

## Meat Wave

As a child  
Wait and sit  
Being pulled in every direction  
By the mask  
By the mask  
Yeah  
Adult man  
Smooth hand  
Take advantage whenever i can  
With the mask  
With the mask  
Yeah  
Now it moves with me  
It helps me breathe  
It makes me see what i want it to  
Can't take it off  
It haunts the self  
Defined & supplied  
By the mask
