

# Talking About

## Dj Julien & Gonzague

When you find it in your heart  
Look this way and I'll never stop  
When you can't find what words to say  
I'll know what you mean anyways And you know what you're doing  
You get right on up to it  
I said, Lord, now it's alright  
Come on just take your time If you feel the night and then the mood is tight  
But you know it  
And you can see the light but there's no end in sight  
But you know I tell you somebody knows what you're talking about  
I tell you somebody knows  
I tell you somebody knows what you're talking about  
I tell you somebody knows You can feel it in your brain  
When things don't feel quite the same  
And you make it all about yourself  
Get rid of all the hate and all the self doubt Oh Lord, you'll be rocking tonight  
Somebody will make you feel alright  
Feel alright now Oh, 'cause if you feel the knife and the mood is tight  
And you know it  
And you can see the light but there's no end in sight  
And you know That I'll do it again, oh, I would gladly do it  
Oh, I'll do it again, oh, again now, oh, I would gladly do it  
Oh, I'll do it again, oh, I would gladly do it  
Oh, I'll do it again, oh, again now, oh, I would gladly do it  
Yes, I'll do it again, ooh Oh Lord, oh Lord  
I tell you somebody knows what you're talking about  
I tell you somebody knows  
I tell you somebody knows what you're talking about  
I tell you somebody knows And I'll do it again, oh, I would gladly do it  
Oh, I'll do it again, oh, again now, oh, I would gladly do it  
Oh, I'll do it again, oh, I would gladly do it  
Oh, I'll do it again, ooh, I would gladly, gladly do it Oh, again, oh, again, oh, again  
Oh Lord, I said again, Lord, oh again now  
I would gladly do it, oh, Lord  
Oh, again, oh, again now, oh, yeah now  
I would gladly do it all over again, oh again  
Oh yeah
