See for yourself that i can make it alright.

Princeton's Verse:
Let's get out there and shine like we're supposed to do.
The way we movin', we belong in the light.
I got you close to me, don't you run and hide.
Turn it up baby, it's glow time.

I can take ya up, up, up, up
Cause his game is keeping you down, down, down
That's why we gotta jump, jump, jump
Lace up ya good shoes
I swear it's the right move tonight girl.

Ohhh.
Turn up the light in here. (x2)
