

Girl with a Diamond Heart

Nicole Scherzinger

Anything! What happened to them we could've did,
We could've been anything
I didn't care, I needed your love
I would've been, I would've did, I would've shared everything
No motive, just because!
You could've had all my love, and let me walk right out the door
The girl with the diamond heart, no I'm not charmless anymore
We were nothing but a dream, now you're left there imagining
In a room full of diamonds,
Let it bleed let it breathe, singing
La la la la la la la la la, anything
La la la la la la la la la, anything
La la la la la la la la la, anything
La la la la la la la la la, anything You have my ears, you have my eyes,
I couldn't see anything
Nothing baby, but you, you
And you have my mind, you have my heart
You have my soul, everything
I had me diamond blood, you you!
You could've had all my love, and let me walk right out the door
The girl with the diamond heart, no I'm not charmless anymore
We were nothing but a dream, now you're left there imagining
In a room full of diamonds,
Let it bleed let it breathe, singing
La la la la la la la la la, anything
La la la la la la la la la, anything
La la la la la la la la la, anything
La la la la la la la la la, anything The feeling that I feel inside used to make me feel so damn high,
It's hidden now, you can't rewind
You're cold left in that diamond mind
Best love is the love you've lost, reminding you you're all alone
All those fights I can't recall, now someone else sits on your throne.
