

# Godiva

## Eugene McGuinness

Now I wanna lay your body down,  
There's no other way to spell it out  
In the chaos of my elation  
I get ideas above my station  
In the chaos of my elation  
I get ideas above my station Now I wanna lay your body down  
Now I wanna lay your body down In the chaos of my elation  
I get ideas above my station  
In the chaos of my elation  
I get ideas above my station Godiva  
Godiva Now I wanna lay your body down  
There's no other way to spell it out In the chaos of my elation  
I get ideas above my station  
In the chaos of my elation  
I get ideas above my station Godiva, Godiva, Godiva, Godiva...
