Her Stone

Kevin Skinner

I hit my knees and cried out loud*
When the doctor said
Done all I can do
That's the day I lost you
I led the line it was single file through that little church
Said my last goodbye oh how I tried
But lately I find myself going back on my words
I'm finding out how hard life is just to live without herSo if you see me as you're passing on the road
And if its raining and I'm standing out in the cold
Don't think I'm crazy if it seems I'm talking to myself
Don't get alarmed now, no there's nothing wrong
I'm just talking to her stone
So many times she helped me by with her love
It came so easily, came so easily
Guess that's why I'm sitting here right now
On my hands and knees
Down on my hands and knees
Cuz there's times when I need her advise
when I'm fighting with myself
There's things in this ol' world
You can't get through by yourselfSo if you see me as you're passing on the road
And if its raining and I'm standing out in the cold
Don't think I'm crazy if it seems I'm talking to myself
Don't get alarmed now, no there's nothing wrong
I'm just talking to her stoneWo oo oooo oooo
Wo oo oooo ooooo
Wo oo oooo oooo oooooo
If you see me as you passing on the road
And if its raining and I'm standing out in the cold,
Don't think I'm crazy if it seems I'm talking to myself,
Don't get alarmed now, no there's nothing wrong,
I'm just talking to her stoneNo there's nothing wrong,
I'm just talking to her stone
